Small Business For Mac

While we have positioned these facts in the context of an 'either/or' shopping decision, many business owners choose to purchase a blend of Macs and PCs and distribute them based on department (typically with creatives receiving Macs and other staff sticking with PCs). While PCs vary drastically in design from machine to machine, Macs have a more consistent look and feel that appeals to people who prefer a high-end experience.

This is a good option for companies that want to emphasize employee autonomy, but it can be a costly choice.. If your employees want Macs because of the look and feel, you may be able to win them over with a high-end PC, like an HP EliteBook or Microsoft Surface Pro.. Most die-hard Mac or PC fans are primarily attached to the brand they like because of the general interface, but the exterior design can be a major selling point (or detractor) as well. <u>Pimps Of Joytime Janxta Funk Rapidshare</u>
